Statistics Department (STD) of the Central Bank of Sri Lanka (CBSL) has been publishing “Economic and Social Statistics of Sri Lanka (ESS)” on an annual basis, with the objective of providing a single source of information that contains economic and social statistics related to Sri Lanka and neighbouring countries.

Marking the 70th Anniversary of CBSL, this year, STD has restructured the layout of the publication for ease of reference, while adding more statistics to enrich its content. Accordingly, the new version of ESS consists of statistical tables categorised under eight major areas, i.e. ‘National Accounts’, ‘Economic and Social Infrastructure’, ‘Prices, Wages and Employment’, ‘External Trade and Finance’, ‘Government Finance’, ‘Money and Capital Markets’, ‘Financial Sector’ and statistics of other countries.

The publication is available in both printed and web versions in all three languages. STD hopes that ESS will be a useful collection of information for anyone who is interested in socio-economic statistics.
